SUMMER TRAINING

DSA Four Week Training – Board Infinity   **June '24**

- Completed a four-week summer training in Data Structures and Algorithms (DSA) at Board Infinity.
- Designed and implemented efficient algorithms using fundamental data structures like arrays, linked lists, stacks, queues, and trees.
- Engaged in competitive programming tasks to enhance problem-solving and logical thinking skills.
- Collaborated with peers to write clean, modular code and optimize algorithm performance.
- Applied DSA concepts to real-world scenarios, focusing on scalability and analysing time and space complexity.

PROJECTS

E-Commerce Website - Kullu Creations   **November '24**

- Formed a dynamic and responsive e-commerce platform for showcasing and selling handicrafts.
- Created an aesthetically appealing and user-friendly interface for an enhanced shopping experience.
- Carried out product browsing, cart functionality, and a seamless checkout process.
